1.

Campaign Link & Store Listing Customization

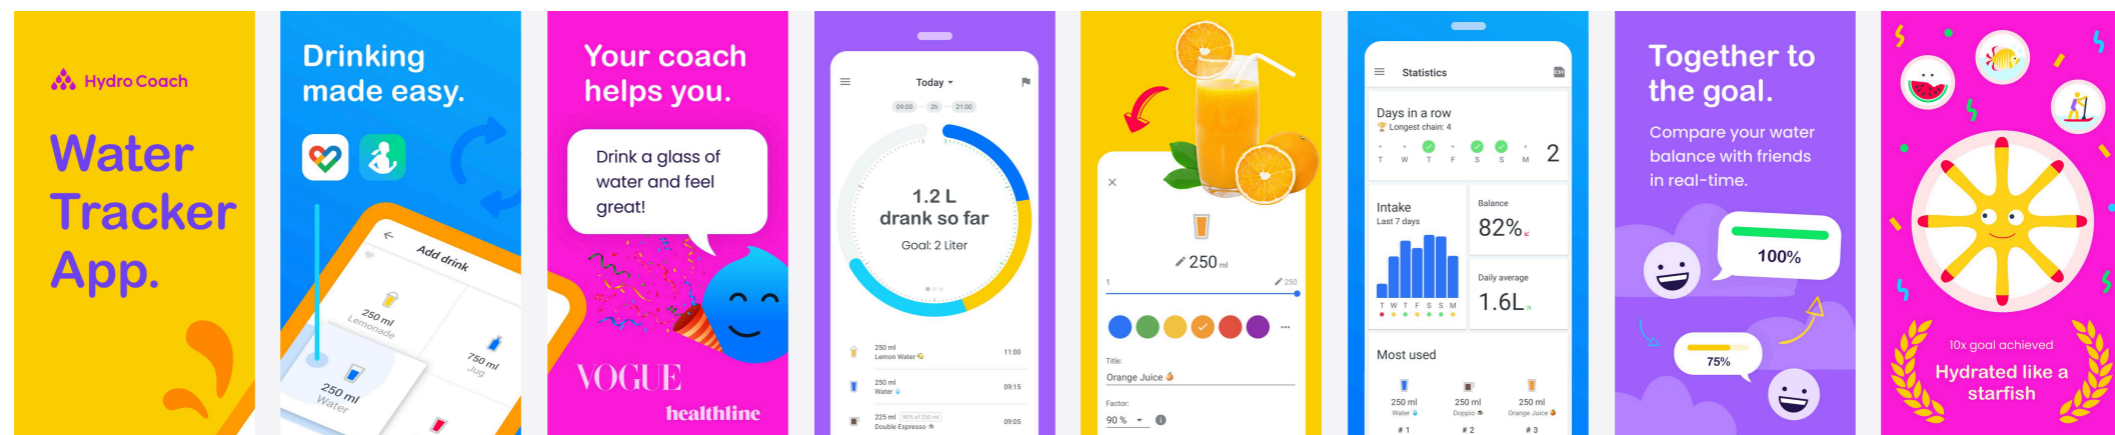

We can create a special campaign link that directs users to a custom version of Hydro Coach on the Google Play Store or Apple App Store. This listing allows you to modify text and screenshot images to align with your campaign. Users who download the app via the campaign link will unlock a special branded version of the Hydro Coach App (See 2.).

2.

Brand Placement in the App

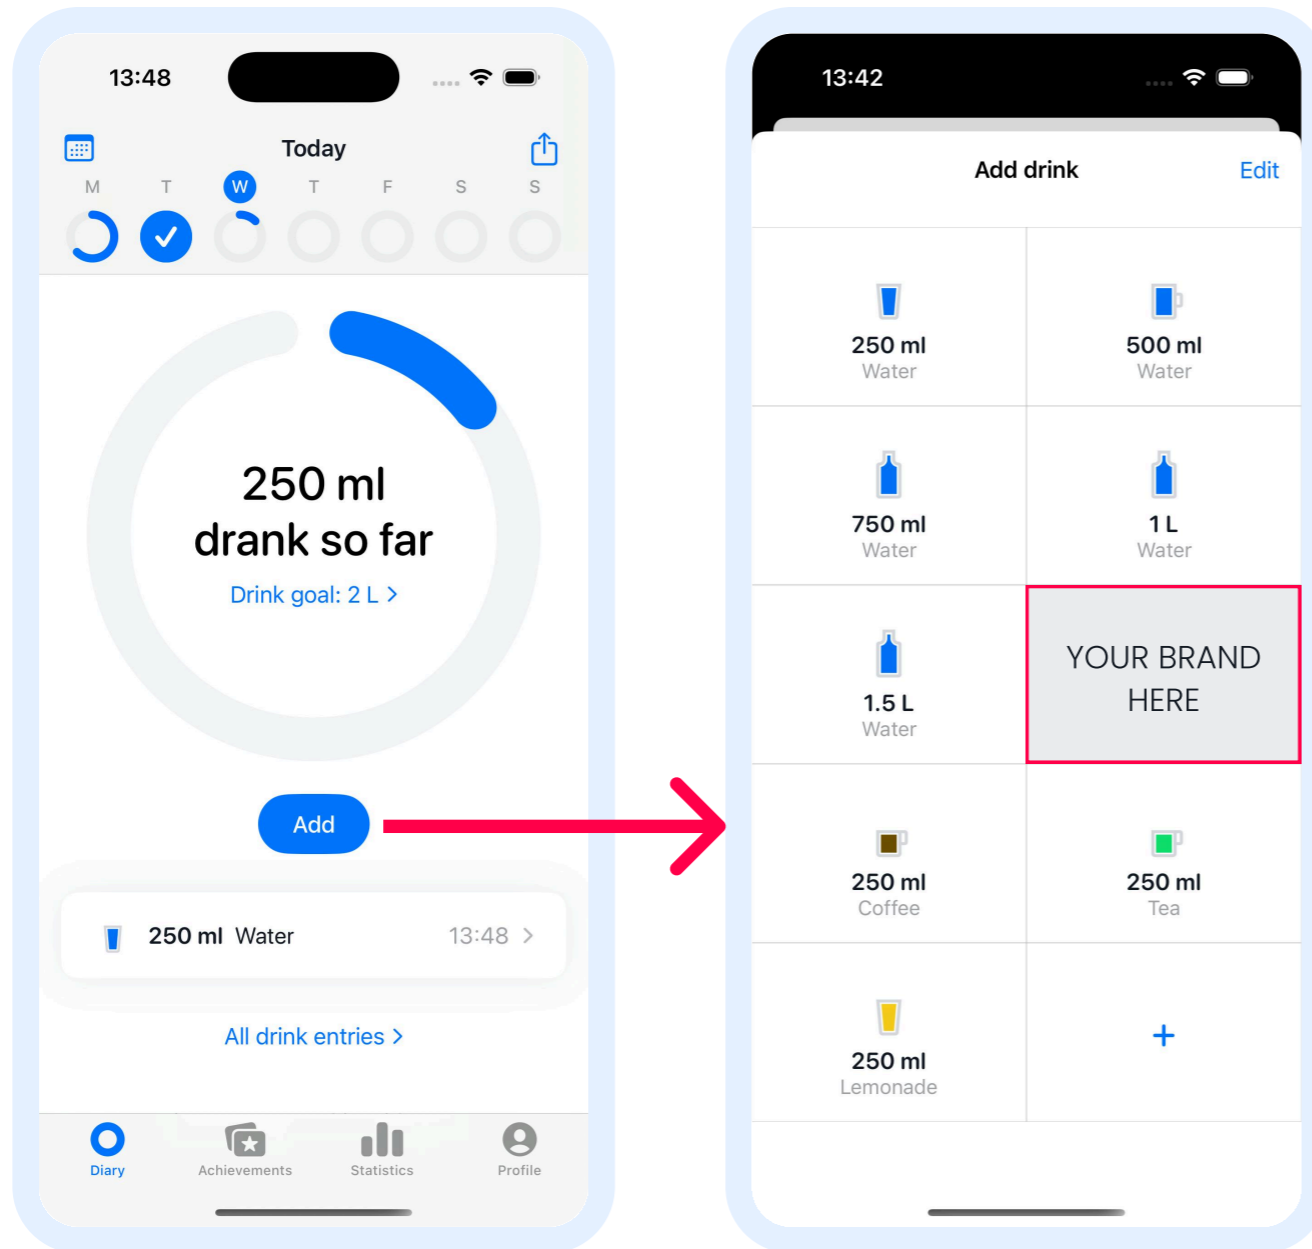

These are potential key areas where we could integrate your assets within the Hydro Coach app. Users who download the app via the campaign link will see your branding in this 3 major sections. Any feedback/wishes appreciated.

2.1 Deep Link Entry Screen

When a user downloads Hydro Coach through the campaign link, this is the initial fullscreen view that can be fully customized (color, text, images, links, etc.) upon agreement.

2.2 Drink Input Screen

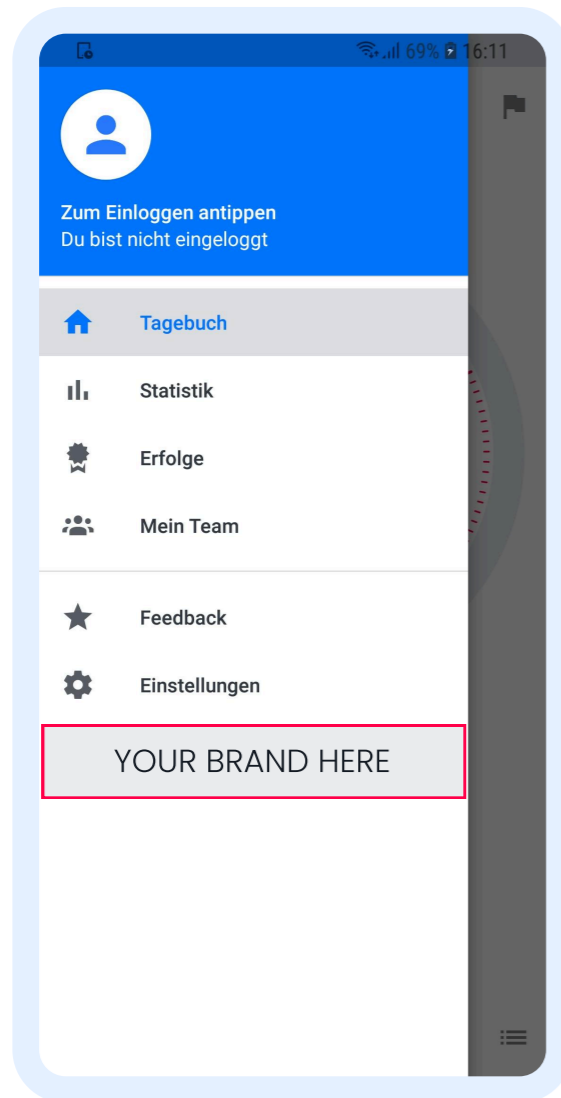

An image placement within the drink input screen, the most used screen of Hydro Coach users.

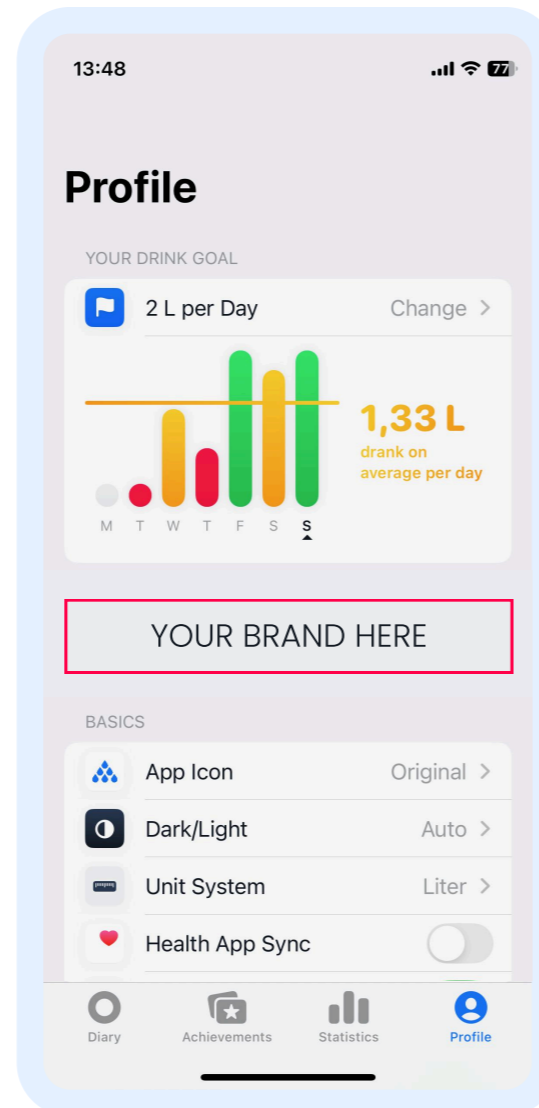

The image must be a PNG or JPEG file with a width of 800 pixels and a height of 550 pixels.

Action: A link to a website or the fullscreen deep link entry view.

2.3 Navigation/Profile Section

Android Navigation

iOS Profile

Placement of an icon and short text.

- Android: Located in the top-level navigation drawer.
- iOS: Displayed within the user's profile.

Action: A link to a website or the fullscreen deep link entry view.
